## SALE TERMS

When placing an order, the buyer accepts following sale-terms indicated below.  
For possible legal controversies: Court of Genoa (Italy).

### PRICES AND PRODUCT CHARACTERISTICS

Prices indicated are VAT excluded. Prices are subject to change without notice. Product characteristics may also vary, even significantly, in particular, but not limited to, colour tonalities.

### ORDERS-RETURNED ITEMS DELIVERY TIMES

Orders must be submitted in written form. OMP is not responsible for delayed deliveries and will not pay for consequent damages. All returned goods must be authorized by OMP, sent freight pre-paid and accompanied by regular invoice. OMP will charge all costs for possible damages suffered by returned goods during transport or for missing parts. Defective goods or broken items returned to OMP after use, will be repaired and sent back to buyer. It will not be possible to replace such goods with new items under any circumstances. Damages suffered by goods during transport even if carrier is chosen by OMP, are always at the receiver's charge.

### CARE INSTRUCTIONS:

Read the labels on the products and user's manuals before using each item. Strictly follow usage and maintenance instructions provided in the manuals and/or on the labels. Failure to do so may reduce the effectiveness of the items and result in an increased risk of serious or fatal injuries in the event of a crash or a fire. Improper use or maintenance voids the warranty and relieves OMP Racing of all responsibility towards the user.

## WARNING

Motorsport is an intrinsically dangerous activity that can result in serious or fatal injuries. The items presented in this catalogue provide protection for a specific body part for a limited period of time in controlled test conditions, according to the FIA standard specified on each item label. No device can provide total protection against potential injuries in the event of a collision or a fire. To avoid these risks, do not engage in motorsports.

OMP products are sold without warranty expressed or implied. No warranty or representation is made as to any product's ability to protect the user from any injury or death. The user, upon use of these products agrees to hold manufacturer, distributor, and their respective owners employees, agents and representatives harmless. It is the user's responsibility to become familiar with all available information concerning the correct use, care and limitations of these products. If you are uncertain of the correct use or limitations of the products, do not use them. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible or liable for errors or omissions.

### WARNING DISCLAIMER

- Personal safety products are only part of a complete safety system that includes the vehicle, the race track and the prevailing conditions at the time of use.
- Personal safety products are not designed to provide the same level of performance or protection throughout the particular product. Different parts or areas of a product may provide less protection even though they may appear the same.
- Personal safety products needs to be inspected before each use and should be replaced after any evidence of wear, exposure to chemicals, excessive heat or any unusual condition.
- Products are sold for the exclusive use in officially sanctioned auto racing events and are not intended to be installed and used for regular street use which products are subject to different homologation and laws depending on your country of residence.
- It is the user's responsibility to become familiar with all available information concerning the correct use, care and limitation of these products.
- Every single change or customizing on our products and/or every single operation on them can reduce their safeness. The user responds therefore on his own exclusive risk and responsibility for any modify or customizing or any other operation on our products.

### BY USE OF THESE PRODUCTS, THE USER ACKNOWLEDGES:

That personal safety products are only part of a complete safety system that includes the vehicle, the race track and the prevailing conditions at the time of use. That personal safety products are not designed to provide the same level of performance or protection throughout the particular product. Different parts or areas of a product may provide less protection even though they may appear the same. That personal safety products needs to be inspected before each use and should be replaced after any evidence of wear, exposure to chemicals, excessive heat or any unusual condition. Helmet is designed to reduce the risk of head and facial injuries on impact only. No helmet can protect wearer against all possible or foreseeable impacts. Helmet is not recommended, marketed and sold for high-risk jobs such as refuelers.
